ORDER

Before this Court is Plaintiff's Response and Objections (Doc. 69) to Judge Moore's October 23, 2025 Order denying multiple motions previously filed by Plaintiff.¹ After careful review of the entire case record, the Court finds that Judge Moore's Order was not clearly erroneous or contrary to law.² Indeed, this Court would have reached the same conclusions. And nothing in the Plaintiff's Response and Objections (Doc. 69) changes that. Accordingly, Plaintiff's Appeal is DENIED.

IT IS SO ORDERED this 19th day of November 2025.

LEE P. RUDOFSKY
UNITED STATES DISTRICT JUDGE

¹ See October 23, 2025 Order (Doc. 68). Plaintiff's submission has been styled on the docket as an Appeal of the Magistrate Judge's Decision to District Court. See Doc. 69.

² The Court notes that, even if the PRD was mistaken about the Jail's one-year record retention policy (or its relation to mootness), that does not affect the correctness of Judge Moore's decision with respect to Plaintiff's requests to preserve evidence.
